Monthly Call Notes 01/10/2017

Attendees: Amanda, Cassie, Dale, Eileen, Adam, Mark, Whitney, Darla, Minnie, Chris, Melissa, Jennifer, Terry, Leslie, Ann, Tom

### **Summary**

1. The group welcomed four new resource advisors: Chris Ellis/Southern Ute Tribe, Cassie Archuleta/City of Fort Collins, and Leslie Vaculik/USFS, Ann Mebanes/USFS
2. Darla reported that all proposed state, local, and federal members of the OGWG were approved by the WRAP Technical Steering Committee on 12/15/2016. The selection and processing of Tribal members is ongoing. In addition to the 3 co-chairs, OGWG members are; Eric Stevenson/BAAQMD, Amanda Brimmer/Denver RAQC, Dale Wells/CDPHE, Mark Jones/NMED, Whitney Oswald/UTDEQ, Jennifer Snyder/EPA, Terry Svalberg/USFS
3. The group discussed the draft work plan. Discussed consolidating and moving items into 2017 action items to address speciation of O&G emissions from production, particularly condensate tanks and pneumatics and to support/incorporate work being completed for ozone SIPs, and discussed how to communicate and deliver the groups work products to others and coordinate efforts with other WRAP and WESTAR work groups. The discussion resulted in 3 changes to the draft work plan (exact verbage was read aloud and will be incorporated into work plan by Darla): add item I.g. to page 3 and 4 to develop a communication plan, add item I.h. to page 3 and 4 to coordinate with other work groups, and add item V. on page 5 to identify regional and local planning needs with respect to key pollutants.
4. After discussion, a consensus roll call was conducted. All members present agreed to the proposed changes and the work plan was finalized. (Minnie Grant agreed per phone call immediately after the call as her phone mute button malfunctioned during the roll call.)

### **Action Items**
