

Deadlines for Emissions Updates Data for Regional Modeling Scenarios

(Shakeout v2 Base Year, Representative Baseline, OTW/OTB Future Case, Control Future Case)

1. 2014 Shakeout v2 Base Year: April 26, 2019
2. Point source Current Representative Baseline dataset: June 14, 2019
3. 2028 OTW/OTB Future Case (projected from Representative Baseline dataset): August 1, 2019

Subcommittee discussion to be held on how to project area sources that states don't inventory (e.g., economic based projections, population-based projections, keep it the same)

4. 2028 Control Future Case: December 2019

Emissions Inventory & Modeling Protocol Subcommittee materials and notes:

[Western U.S. regional analysis – emissions inventories for Regional Haze planning](#)
