

# Oregon's Air Quality Program presents Western Air Quality Workshop

Wednesday, August 20, 2014

9:00 a.m.- 3:00 p.m.

EPA Oregon Operations Office

805 SW Broadway, Suite 500

Portland, OR 97205

Telephone: (503) 326-3250

Do you want to learn more about how air emissions source categories and how other states' air emissions affect air quality in Oregon and Washington? Want to know how Oregon's air emissions affect other states? Don't miss this opportunity to learn more about ozone and other air pollution issues across the West.

Tom Moore, Air Quality Program Manager for the Western Regional Air Partnership, will present a workshop hosted by Oregon DEQ's Air Quality Program, covering results from collaborative WRAP air quality studies in the West, to provide information for western air quality planning in the future. Learn about these studies, what the results show, how the data can be used, and how these studies can help air agencies in the West assess air quality.

Please register by August 15<sup>th</sup> by emailing: [Jeffrey Stocum](mailto:Jeffrey.Stocum@deq.state.or.us) [stocum.jeffrey@deq.state.or.us](mailto:stocum.jeffrey@deq.state.or.us) or for more information.
