

**Western Air Quality Workshop
Presented in Association with the 2014
California Desert Air Working Group Conference
Tuesday, October 7, 2014 2:00 to 5:00 PM
Pala Casino Spa & Resort
11154 Highway 76, Pala, CA 92058
Sycamore Room 4 & 5**

Want to learn more about how air emissions source categories and how other states' air emissions affect air quality in the California Desert region? Want to know how California's air emissions affect other states? Don't miss this opportunity to learn more about ozone and particulate matter concentrations across the West.

Tom Moore, Air Quality Program Manager for the Western Regional Air Partnership, will present an afternoon workshop prior to the October 8-9 CDAWG meeting, covering results from collaborative WRAP air quality studies in the West that will provide information for western air quality planning in the future. Learn about these studies, what the results show, how the data can be used, and how these studies can help air agencies in the West assess air quality.

Registration is FREE and open to CDAWG Conference Attendees only. Sign up today by Emailing vroberts@mdaqmd.ca.gov or by calling (760) 245-1661, ext. 6104 by September 23, 2014. Attendance is limited to first 30 registrants.
